#### OUR FIRST E-MAGAZINE AVAILABLE BY EMAIL OR ON THE WEBSITE

It is probable that we won't have the Saint Giles church magazine up and running again for a while. So, I thought that it would help communications in the parish if we sent out an e-magazine. This will aim to keep all those connected with the churches of our benefice up to date about what is going on.

**During Lockdown**, we uploaded a service several times a week onto the Saint Giles YouTube Channel.

These were appreciated by many. I aim to continue these at least once a week. So keep an eye on Saint Giles Facebook page or the YouTube Channel.

#### OUR COVID-SAFE SPACE YOUR SAFETY

You will see changes in church: sanitiser in the entrance, roped off pews to keep us at a distance, a one-way system, no singing, no coffee time. Hopefully, as time goes by, we will be able to relax these restrictions.

At the moment, we receive Holy Communion in one kind only. That means we only receive the consecrated bread and don't drink from the chalice. This is to help prevent the spread of infection. The church teaches that when we receive Holy Communion we receive the gift of Christ to our souls. But Christ cannot be divided or cut in half. So, when we receive Holy Communion in one kind only, we are still receiving the full gift of our Lord.
